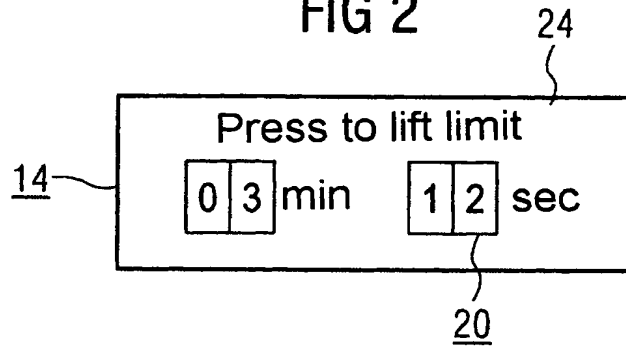

FIG 3

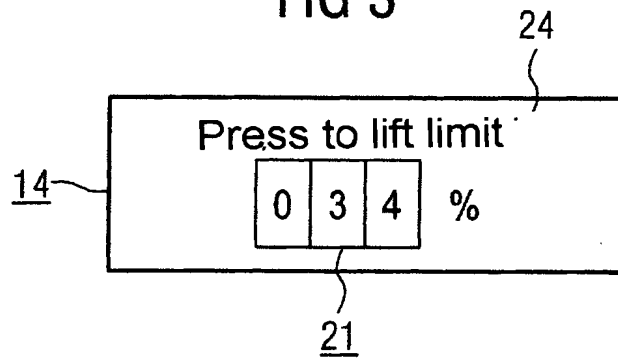

FIG 4

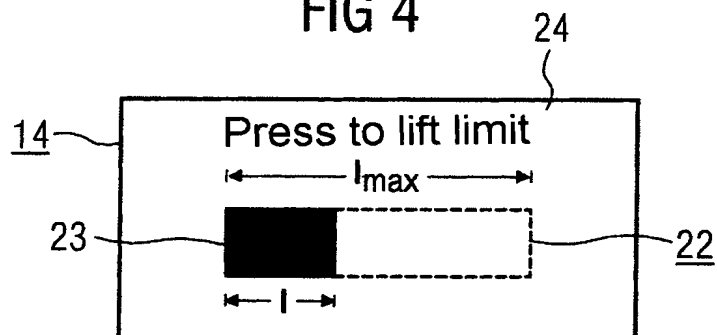

Diagram of the Thorax p.a. control panel. The panel includes a top row with a patient icon, a monitor icon, and a '61 %HU' display. Below this are buttons for 'H', 'H', and '0.5'. The main section has a grid of buttons for 'kV', 'mAs', and 'ms' settings, including '100%', '80%', and '60%' options. A bottom row features a 'Manual' button and a 'Program' button. A '25' label is at the top left, and a '26' label is at the top right.
